[\[New INFINITY OVERRIDE\]](#) - [\[Testimony of Past Bonus Winners\]](#) - [\[How to Collect Your Bonus\]](#)

Earn an **UNLIMITED** Number of **\$100 Bonuses Each Week** By Simply Referring **FIVE New Confirmed Affiliates** in a **7-day Contest Period**.

You read that correctly! For every 5 paid affiliates you refer in a one week period, you'll earn a \$100 cash bonus. There is no limit! Refer 25 new paid affiliates in one week and you'll earn \$500!

Our bonus contests are exciting. The following contest rules, awards and eligibility requirements will apply. Please read the new rules carefully and let us know if you have any questions about how the contests will be run.

Contest Eligibility Requirements:

You must have purchased at least ten (10) DVDs through your GDI account and your account must be paid and in good standing. The DVD purchase must have been made during the same week or prior to the week for which you wish to qualify. The reason for this requirement is that we HIGHLY recommend [the DVD promotional method](#) for recruiting new affiliates.

Your referrals will be counted for one calendar week. A "week" is defined as 12:00am Monday through 11:59pm Sunday, Pacific Time.

The formula is simple: For every 5 new accounts signed up by an affiliate during the indicated date range, they receive \$100. Only new signups that convert to paying customers on our first charge attempt on their 7th day when their free trial ends are counted towards bonuses.

Because of our free 7-day trial, there is a one week delay after the contest week ends before your number of confirmed referrals can be determined. Each person will only ever count once toward a weekly bonus and must be an active paid account in good standing at the time of bonus calculation.

You'll need [a PayPal account to collect your prize money](#). Affiliates in good standing may earn unlimited weekly bonuses.

How Winners are Determined:

One week after the last day of the contest week, actual, confirmed winners are determined as the free trial members become paid affiliates. Because of our 7-day free trial offer to new affiliates, we do not know which affiliates will become paying customers until they are

charged for their account at the end of the 7-day trial.

Affiliates who cancel their account prior to being charged DO NOT COUNT toward the bonus contests. The contests only count actual new affiliates from whom we are able to obtain the \$10 fee on our first billing attempt.

Contest standings and results will be announced via email and on our members' area leaderboards.

Requirements to Collect Your Bonus:

Testimonial - provide a short testimonial about GDI's opportunity and/or product to ws_testimonials@wsdomains.ws along with your permission to use it on our testimonials WebSite.

Global Domains International, Inc. Announces Our NEW Infinity Override

Since we first launched our Income for Life affiliate program in May of 2004, we've had people asking us "How do I earn the **BIG bucks** in GDI?". We've been running incredible referral contests, with many reps earning thousands of dollars in bonus money per month.

However, for you serious players - the people who want to shoot for the moon - we're about to

answer the BIG QUESTION, "How do I earn the big bucks in GDI?".

**By getting paid on ALL levels,
down to infinity, that's how!**

Don't get us wrong, our current pay structure is paying out TREMENDOUS COMMISSIONS to those of you who are serious about building your GDI business (**many already approaching 5 figures monthly**) but this takes it to the next level - allowing the real "go getters" to reach a level of income they've only dreamed about until now.

How this works is still very simple.

Imagine being paid not only on 5 levels, but **on levels 6 through INFINITY**. That could amount to some **BIG extra income** from the same amount of work. That's what the Infinity Bonus is all about.

This will achieve the INFINITY OVERRIDE and you'll qualify to earn a 10% "unlimited levels" override, which pays down to the next qualifying "Infinity Override" on any given leg.

On the final day of each month, you must have a minimum of 10 personally-referred, active, paid accounts in good standing on your level 1, who each also have a minimum of 10 personally-referred, active, paid accounts in good standing on their level 1. In addition, you must have a total of 5000 or more active, paid accounts in good standing within the first 5 levels of your downline. Obviously, your own account must be an active, paid account in good standing as well.

Infinity overrides must be re-earned each month in accordance with the previously mentioned requirements. Earning the override one month, does not guarantee you the same override every month. If you fail to qualify after previously receiving the override, you remain eligible to try for it in future months as specified above.

The infinity override will extend all the way down throughout your entire downline below level 5, except in instances where someone else in your downline also achieves an infinity override for the same month. In such cases, the infinity override will be paid for your level 6 and below, except for the branch below you that also earned it. Payment on level 6 and below for that branch will be made to the lowest person in the downline achieving the override, as any one branch will never be paid twice for infinity overrides in the same month.

Additional commissions earned as a result of the infinity override only applies to levels 6 and below. Anything in levels 1-5 will be paid as usual for all affiliates. Likewise, this does not mean you will be paid a second time (double) for accounts in levels 1-5.

Will it be easy to qualify for the Infinity Override? Of course not. Nothing worth working towards ever is.

However, achieving this title and earning commissions on more than 5 levels IS SIMPLE. You do it the same way you referred your first member. Show the movie, then follow-up. **Then, teach all of your front liners to do the same.** If you keep doing this for as long as it takes, YOU can earn the Infinity Override. Sticking with the GDI program and your daily marketing plan is the key.

And, new affiliates that you refer, then transfer to one of your frontline members DO count towards

the requirement.

We hope to have MANY affiliates earn the Infinity Override this year, including you!
